### MISSION

To remain single-minded focused on attracting and maintaining clients, by providing solution-based first class customer service and Just in Time (JIT) delivery of products, at the most cost effective price using Win-Win strategies.

### COMPANY OVERVIEW

Aurora Global Solutions provides a full spectrum of strategic storage and distribution services. Our logistics systems provide analytical data that supports audit readiness processes. Aurora Global Solutions leadership teams are led by leaders with over 80 years of combined active duty military service, civilian and military experience even in austere environments. Major deployments include, Bosnia, Afghanistan, Iraq, Africa, Kuwait and Qatar. Our staff possess assured capabilities in support of military and civilian operations, government contracting procedures, and the way ahead to transforming military support processes from former logistics to supply chain management of the future. Aurora Global Solutions is futuristic in planning and vision. We understand!
